At 1900h: Good evening everyone and welcome to the Calgary ARES net.

Your net control station this evening is VE6/VA6 ___, my name is _____ and I am located in _____.

This is a directed net, so please go through net control to contact another station.

The purpose of this net is to train and exercise both net controllers and participating stations in radiotelecommunications procedures, test station capabilities and signal strengths across the city and area.

This net is held the forth Wednesday of the month at 1900 hours local time on on simplex at 146.550 MHz.

We extend a warm welcome to all ARES members and non-members to check in.

Stations checking in, please give your callsign, name and location.

When checking in, please let net control if you have any traffic or information for the net.
I will be calling for stations to check by area, please wait for your quanderent to be called unless it is priority traffic.. I will call for stations outside the city of Calgary.

If there is any <u>emergency</u> or <u>priority</u> traffic for the net, please call now. *(pause)*
- *(there may be simulated traffic)*

If there any <u>ARES</u> announcements, bulletins, comments or concerns, please call now. *(pause)*

If there are any <u>other</u> announcements, bulletins, comments or concerns, please call now. *(pause)*

We will now listen for stations that would like to check into the net this evening.

- *If there are any IRLP or Echo link check-ins, please call now. (pause)*
- If there are any mobile or portable check-ins, please call now. *(pause)*

We will now listen for stations from the Calgary area. Any stations wishing to check-in from:
